## PROFESSIONAL EXPERIENCE

---

**Gilder Gagnon Howe & Co.**

New York, NY

*Equity Research Analyst Intern*

*May 2024 - Present*

- Conducting equity research and industry analysis using Bloomberg to identify investment opportunities and evaluate long-term stock growth potential.
- Producing detailed reports and presentations, collaborating with a group of four interns to provide valuable insights for investment strategies across different industries.
- Pitching stocks every three days, with recommendations contributing to the money managers' portfolio decisions, and frequently sitting in on meetings with the company's management executives.

**TagPros**

Boston, MA

*Backend Software Engineer Intern*

*Jan 2024 - Apr 2024*

- Developed an educational platform generating personalized teaching material, utilizing OpenAI's API to allow educators to tailor content by selecting preferred teaching preferences.
- Built Next.js front-end framework and improved user experience by modifying API integration, ensuring a consistent and reliable template for delivery.
- Collaborated with a team of four engineers, implementing scrum methodologies through daily meetings, sprint reviews and managing tasks with Jira.

## PROJECT EXPERIENCE

---

**Automated Playlist Generator**

*Dec 2023*

- Created a Flask web application with integrated Google OAuth2 for user authentication and Spotify API, managing user registration and session management.
- Implemented multi-step workflows to guide users through Spotify's API, dynamically generating playlists from text prompts and customizing playlist covers with retrieved images.
- Built and optimized multiple HTML templates to improve user interaction across various stages.

## LEADERSHIP EXPERIENCE

---

**Boston University Filipino Student Association**

Boston, MA

*Treasurer*

*Apr 2023 - Apr 2024*

- Cooperated with executive board members and student activities management, delivering regular financial updates and ensuring transparent communication.
- Organized a range of events, managing logistics, scheduling, and promotion, increasing engagement and participation.
- Devised cost-saving opportunities and optimized a budget of \$60,000, allocating where funds should be.
